REMI LOUNGE

Remi – Soft Revolution

BioPur® Foam is an innovative type of polyurethane foam that incorporates bio-based materials as a significant component of its formulation. This eco-friendly alternative to conventional foam is designed to offer similar, if not superior, performance characteristics while substantially reducing environmental impact.

Reduced Carbon Footprint

BioPur® foam production reduces carbon emissions by up to 75% compared to traditional polyurethane foams, offering a substantial environmental benefit.

Renewable Resource-Based

The foam is derived from renewable biological sources, such as plant-based materials, which minimises dependency on petroleum-based products and supports the sustainable use of natural resources.

Durability and Performance

BioPur® foam does not compromise on performance. It exhibits high resilience, long-lasting durability, and excellent support properties, comparable to conventional foams.

Sustainable Manufacturing Processes

The production of BioPur® foam involves processes that consume less energy and produce fewer emissions compared to conventional foam manufacturing.

Clean Air

BioPur® foam is manufactured without the use of harmful chemicals, with low volatile organic compounds (VOCs) and trace formaldehyde, common in traditional foams, improving indoor air quality and overall health.

TEXTILES

MARK GRATTAN

Pratt Institute-trained designer whose eclectic yet refined aesthetic blends tropical modernism, Italian contemporary, and Art Deco influences.

Design philosophy stems from his woodworking background apprenticing under his father.

Grattan's work is part of the permanent collections at both The Brooklyn Museum and The Smithsonian.

Featured in leading publications including The New York Times Style Magazine, Elle Decor, Surface Magazine, Architectural Digest, and Wallpaper.

Winner of HBO Max's *Ellen's Next Great Designer*. Elle Decor A-List 2023, and 2025. Wallpaper USA 400 2024.

HBF
TEXTILES

CREATIVO 1098

CREATIVO 1098

Creativo is a lush, seductive checkered velvet alternating between cut and uncut surfaces to arrive at a tactile landscape that invites touch while captivating the eye. This pattern has a dynamic visual rhythm, reflecting Grattan's signature style of repetition that he's innately drawn to and finds comforting, a unique aesthetic he has developed since receiving his first design brief to mow his parent's front lawn. Commanding attention while remaining sophisticated, this style embodies Grattan's creative persona – bold, expressive, and meticulously crafted.

WRIGHT 1107

WRIGHT 1107

A refined satin textile, Wright pays homage to Grattan's foundation as a woodworker and maker—representing the structured, disciplined, and patient craftsman. Gentle irregularities in the weave mimic the natural pore variations of hand-finished wood, creating a surface that feels both sophisticated and authentic. Each colorway celebrates the craft of woodworking, evoking Grattan's workshop experience and early creative foundation apprenticing under his father.

DECADENT 1111

DECADENT 1111

Decadent is a bold zebra pattern that captures the rebel in Grattan and his multicultural influences—a celebration of sensory indulgence and “cutting through the noise.” Inspired by his time in Mexico and Brazil, the design marries contrast with fluid, organic movement. A soft blend of bouclé and chenille forms a large-scale zebra motif with rich texture, while speckles embrace the beauty of imperfection. Each colorway draws from experiences and objects that define grandeur in Grattan’s personal lexicon, reflecting his appreciation for life’s most exquisite pleasures.

BRUSHED CANVAS 950

BRUSHED CANVAS 950

Our reigning champion brings understated elegance to the arena. Brushed Canvas, designed by Erin Ruby is celebrating its 10th anniversary with expanded colorways totaling 25 options. Showcasing a two-tone texture with a slight sheen or moire effect, and exceptionally soft hand, this textured solid provides both visual depth and tactile luxury. A versatile performer that maintains its composure under the demands of high-traffic environments while carrying itself with quiet confidence. Brushed Canvas is a true best-in-class textile that grounds any design palette with sophistication and charm.
